DETAILED ACTION

Claim Rejections - 35 USC § 112

1. Claim 1-10 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

a. The following phrases lacks proper antecedent basis:

i. "said drive pin" in claim 2, line 2. This has not been mentioned before.

ii. "the first pin" in claim 27, line 2. This has not been mentioned before.

b. The following phrase is vague, indefinite, confusingly and awkwardly worded:

iii. Claim 1 states that the locating pin has a longitudinal axis with the clamp are rotating parallel to said axis; but it appears that the clamp arm rotates perpendicularly to the axis instead. Claim 7 has the same problem as mention with the parallel issue addressed for claim 1.

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

2. Claims 1, 7-10, and 22-28 are rejected under 35 U.S.C. 102(b) as being anticipated by Pavlik et al (6786478).

Pavlik et al disclose a clamp having a body (16 which is the first assembly), a locating pin (12), clamping arms (60), an actuator (54&(70 with a clamp rod) which is the first assembly), a retainer (34), and transverse slots (67).

Allowable Subject Matter

Allowable Subject Matter

3. Claims 11-21 are allowed.
4. Claims 2-6 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
